The following questions will help us determine if there is any reason you should not get the COVID-19 vaccine today. If you answer "yes" to any question, it does not necessarily mean you should not be vaccinated. It just means additional questions may be asked. If a question is not clear, please ask your healthcare provider to explain it.

| | YES | NO | DON'T KNOW |
|---|---|---|---|
| 1. Are you feeling sick or have a fever today? | | | |
| 2. Do you have COVID-19 infection or are you currently in quarantine for COVID-19 exposure? | | | |
| 3. Have you had a positive test for COVID-19 or has a doctor told you that you had COVID-19? | | | |
| 4. Have you ever had a severe allergic reaction to something (such as difficulty breathing, swelling of your face or throat, fast heartbeat, bad rash all over your body, dizziness and weakness) for which you were treated with epinephrine or EpiPen, or for which you had to go to the hospital? | | | |
| • Was the severe allergic reaction after receiving a COVID-19 vaccine? | | | |
| • Was the severe allergic reaction to another vaccine or vaccine component (including polyethylene glycol in medications or laxatives and preparations for colonoscopy); to another injectable medication; or to polysorbate in vaccines, coated tablets or IV steroids or injectable therapy? | | | |
| • Was the severe allergic reaction to something other than listed above such as food, pet, venom, environmental or oral medications? | | | |
| 5. Have you received monoclonal antibodies or convalescent plasma as part of COVID-19 treatment or for post-exposure prophylaxis (PEP)? Defer vaccination 90 days after treatment and defer 30 days after PEP. | | | |
| 6. Have you received a hematopoietic cell transplant (HCT) or CAR-T-cell therapy since receiving COVID-19 vaccine? You should be revaccinated with a primary vaccine series at least 12 weeks after transplant or CAR-T-cell therapy. | | | |
| 7. Have you had a history of heparin-induced thrombocytopenia (HIT) or thrombosis with thrombocytopenia syndrome (TTS)? If it has been 90 days or less since TTS resolved, may receive a Pfizer or Moderna vaccine. After 90 days since TTS resolved, you may receive any FDA-authorized or FDA-approved COVID-19 vaccine. People who developed TTS after their initial Janssen vaccine should not receive a Janssen booster dose. | | | |
| 8. Have you had Multisystem Inflammatory Syndrome (MIS)? Defer vaccination for at least 90 days. The decision for COVID-19 vaccination should be between the patient, guardian, clinical team, or a specialist. | | | |
| 9. Did you develop myocarditis or pericarditis after the first dose of COVID-19 vaccine? Do you have history of myocarditis or pericarditis prior to COVID-19 vaccination? | | | |
| 10. Do you have a weakened immune system caused by something such as HIV infection or cancer or do you take immunosuppressive drugs or therapies? | | | |
| 11. Do you have a bleeding disorder or are you taking blood thinner? | | | |
| 12. Do you have dermal fillers? If swelling occurs at or near the filler injection site, usually face or lips, patient should contact their health care provider. | | | |
| 13. Are you pregnant or breastfeeding or planning to become pregnant? | | | |
| 14. Do you have allergies to latex? | | | |
| 15. <18 years old: Have you had a well-child visit with your pediatrician in the last 12 months? | | | |

**Consent and waiver:** All of the information I have provided is correct. I consent to the staff to administer the COVID-19 vaccine. I have reviewed the Vaccine Recipient Emergency Use Authorization (EUA) Fact Sheet for COVID-19 vaccine risks and benefits. I fully release and discharge the standing order physician and the pharmacy, its affiliations and their officers, and employees from any illness, injury, loss, or damage that may result there from. I acknowledge that ***I have received a copy of the pharmacy's privacy policies according to HIPAA***. I understand that information about this COVID-19 vaccination will be included in (WebIZ) Arkansas Immunization Information System. I authorize the release of any medical information necessary to process my insurance claim(s). I authorize and request payment of medical benefits directly to this COVID-19 Provider. I agree that the authorization will cover all medical services rendered until I revoke this authorization. I agree that the photocopy of this form may be used instead of the original. I am aware that an immunization certified student pharmacist might be administering this medication.
**I agree to wait near the vaccination area for 15-30 minutes to receive treatment in case of adverse reaction.**
